

RIPE Address Policy WG

October 24, 2007

RIPE 55, Amsterdam

please remember: this session is webcast

APWG Agenda - Wednesday

- formal stuff
 - thanking the scribe
 - approving the minutes from R54
 - agenda bashing
- co-chair changes
- overview of concluded proposals
- “generic discussion on PI” session
 - feedback from the NCC board regarding 2007-01
 - proposals and discussion how to go ahead (Nick Hilliard)
 - update on other open PI proposals
 - discussion
- Leo Vegoda: a proposal for restructuring of the IPv6 policy

APWG Agenda - Thursday

- discussion of all “other” currently-open proposals
 - 2005-08 (IPv6 allocation policy) ⇒ problem, and way ahead
 - 2007-05 (ULA central) ⇒ short update
- “End of IPv4” session
 - 2007-06 (Global Policy for .. Remaining IPv4 ... Space)
 - 2007-07 (End Policy for IANA IPv4 Allocations...)
 - 2007-08 (Enabling Methods for Reallocation of IPv4 Res.)
 - discussion on presentation from ETNO
 - formulation of an official statement from the RIPE community regarding the end of IPv4, and recommendations for moving towards IPv6.
- other new proposals not yet in the PDP, open mike, and AOB

APWG Chairs

- Gert Döring, GERT-RIPE
- Sander Steffann, SJMS1-RIPE
- Andrea Borgato, AB318
- and change again:
 - Andrea Borgato is stepping down due to personal reasons
 - thank you for your help in the recent years!
- for the time being, we'll do with two WG chairs.

concluded policy proposals (1)

Proposal	Topic	Status
2006-02	“IPv6 Address Allocation and Assignment Policy” – change the initial criteria, get rid of the 200-users rule	accepted
2006-04	Contact E-Mail Address Requirements	withdrawn
2006-06	IPv4 Maximum Allocation Period (allocate to LIRs on a 12-month need)	accepted
2006-07	First Raise in IPv4 Assignment Window Size (to /21)	accepted

concluded policy proposals (2)

Proposal	Topic	Status
2007-02	Change in IP Assignments for Anycasting DNS Policy	withdrawn
2007-03	IPv4 countdown policy	withdrawn
2007-04	IANA Policy for Allocation of ASN Blocks to RIRs	oth.RIRs

Generic PI Discussion

- 3 open policy proposals relating to PI space
 - 2007-01 - contractual relationship
 - 2006-01 - IPv6 PI introduction
 - 2006-05 - IPv4 PI assignment size (/24)
- decision at RIPE 54 to stall 2006-01 and 2006-05 until decision is made on 2007-01
- NCC was asked to draft a sample contract for 2007-01
- ⇒ Feedback from Axel Pawlik, RIPE NCC
- then: Nick Hilliard will take over and present ideas
- we have time until 12:15 - let's have a good discussion!
