

Data Protection Task Force

Jochem de Ruig
Chief Financial Officer

Current Data protection issues

- No RIPE Database Terms and Conditions for usage
- No “protection” of Personal contact data in RIPE DB
 - Individuals are not notified of publication of contact information
 - No audit or control procedure on data
 - Personal contact data cannot be amended/changed/removed by RIPE NCC
- No RIPE NCC privacy statement
- Several different copyrights statements
- Several Acceptable Use Policies (AUPs) signed
- Mirroring outside EU
- Conflict of interest between LEAs and DP

Thoughts for future improvements

“To comply with Data Protection regulation”

- RIPE Database Terms and Conditions for usage
- Protection of Personal contact data in RIPE DB
 - Notify individuals of publication of contact information
 - Set up feasible audit or control procedure on data
 - Develop policy to change/amend/remove by the RIPE NCC
- RIPE NCC privacy statement
- Merge different copyrights statements
- Revise Acceptable Use Policy (AUPs) and re-sign
- More strict policy on mirroring

Data protection Task Force I

- Issues at hand:
 - Purpose of the DB, currently “Agreed internet purposes”
 - Set up Terms and Conditions for DB – structure for DP
 - Procedure to audit the data collection (remove/change data)
 - Determine AUP terms and conditions
 - Mirroring issues

Data protection Task Force II

- What is expected from TF?
 - Set up procedures, practices to comply with DP regulations
 - Raise awareness in the community regarding DP issues
 - Inform (and consult) the community on procedures and practices
 - To give feedback and inform on local regulation issues relating to DP
- RIPE NCC will put forward proposals, BCPs and will take input from TF
- RIPE NCC will take care of administration and organisation
- Charter: <http://www.ripe.net/ripe/tf/dp/index.html>
