E-Learning news

Welcome to the RIPE NCC E-Learning Centre!
 by [Rummy Kanis](#) - Wednesday, 24 May 2006, 07:29 PM

This service is available to both members and non-members of the RIPE NCC and enables users to learn in their own space at their own pace.

Modules available currently are

- RIPE Database
 - an introduction to creating and updating basic Database objects
- Internet Administration
 - a short history of Regional Internet Registries (RIRs) and of the Number Resource Organization

Throughout 2006, the RIPE NCC will be adding several modules such as the RIPE Policy Development Process (PDP), DNS for LIRs, Advanced Database Objects and the billing/charging scheme.

To take any of the courses on the E-Learning Centre, you will first need to register an account.
