# MENOG - IPv6 Roadshows

---

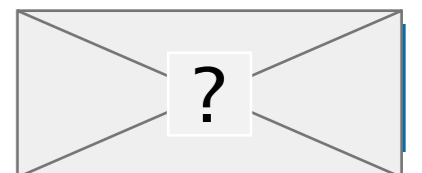

- The IPv6 Roadshows are a joint initiative from MENOG, the RIPE NCC and APNIC, offering three and five day events targeted at government and enterprise network operators.
- New Train The Trainer (TTT) program.

# MENOG Mailing list

---

- The MENOG mailing list provides a forum for the exchange of technical information and the discussion of implementation issues that require cooperation among the Middle East region network service providers.
- Everyone is welcome to join  
<http://www.menog.org/ mailing-list/>

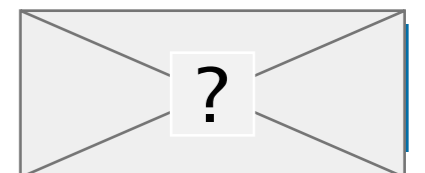

# RIPE Academic Cooperation Initiative (RACI)

---

- The RACI Initiative aims to involve members of the academic community with the RIPE community by inviting students and researchers to present their Internet-related research at the twice-yearly RIPE Meetings organised by the RIPE NCC.

<http://www.ripe.net/ripe/raci>

- The next selected RACI delegate will attend the RIPE 70 Meeting in Amsterdam.

Feedback on the  
way forward is  
needed from you
